Blachford Lake Lodge and Conference Resort is the North's premiere all season fly-in eco-lodge welcoming guests, conferences and meetings, weddings and special events. In winter enjoy Northern Lights/Aurora Borealis, dog mushing, snowmobiling, ice fishing, skating, cross country skiing and snowshoeing. In summer enjoy sport fishing, canoeing, kayaking and hiking in the pristine wilderness surrounding the lodge. Come experience the Northern Lights playing directly over the lodge in awe inspiring multicoloured displays. You'll have an exclusive, front row seat.

Blachford Lake Lodge is set on a remote jewel of a lake just 20 minutes by charter aircraft from Yellowknife, capital of Canada's Northwest Territories. In late summer, the Aurora can often fill the night sky, reflecting off the shimmering waters of Blachford Lake. On crisp winter nights, the Aurora, the moon and the stars light your way on snow covered paths.

Our spacious, handcrafted log lodge and log cabins offer a blend of rustic charm and modern comfort. Gourmet Northern meals are prepared by our talented Red Seal certified chef. The lodge includes an open dining area, bar and lounge with services such as a fully stocked bar, wireless internet and satellite radio. Our hot tub is outside under the stars.

## FOLLOW IN THE FOOTSTEPS OF ROYALTY

JUNE TO EARLY OCTOBER

Retrace the Duke and Duchess of Cambridge's footsteps at the lodge and take part in an interpretive walking tour. Our staff will recount personal stories from the 2011 Royal Visit while you savour traditional bannock and sip tea around a campfire. Paddle a canoe to "Royal Honeymoon Island" where you will enjoy a six course candle-lit dinner with wine pairings – the same menu of Northern cuisine served to Will & Kate, prepared by our gourmet chef.

Add on to any 2, 5 or 7 night package at Blachford Lake Lodge during the summer season (June to early October) for \$225 + GST per person.

- **Optional:** Add an overnight and breakfast on "Royal Honeymoon Island" for \$285 per person. Sleep on a bed of spruce boughs and wrap yourself in a down duvet in a prospector wall tent heated by a wood stove.

## REFLECTING NORTHERN LIGHTS

MID AUGUST TO EARLY OCTOBER

A spectacular time to visit the lodge as the surrounding landscape changes colour, the water is calm and the Aurora Borealis shimmers throughout the night. You can forget the parka at this time of year as the temperatures rarely drop below zero; instead, grab a coffee from the lodge and head outside for nature's ultimate light show that you'll never forget. Recount your experiences the next day over breakfast, sharing your favourite pictures and enjoy a paddle with only the calm sounds of nature breaking the silence.

Rest up in the early evening before settling in with your favorite drink in the hot tub while experiencing the best of the Northern Lights into the wee hours of the morning.
