KASBA.COM

Kasba is a fishing lodge famous for giving guests the Canadian Fly-In Triple Trophy fishing experience. This is when you catch trophy Lake Trout, Northern Pike and Arctic Grayling right outside your door!

Just north of the Manitoba - Saskatchewan border, the lake is 150 miles from the nearest road and is accessible only by air. Guests fly directly to our private airstrip from Winnipeg, Manitoba.

Nestled on the edge of beautiful Kasba Lake, the smell of black spruce and tundra surround you. This vacation is the perfect blend of seclusion and comfort.

The main lodge offers a full service dining room (full American Plan package), a lounge with TV entertainment, a full bar, and both a gift and tackle shop. You also get a view overlooking the lake. The lodge is wheelchair accessible.

For visitors interested in “roughing it”, we offer the Kazan Outpost. Our spacious outpost cabin comfortably accommodates six guests. The cabin has comfortable beds with propane heat, a stove and refrigeration. It’s located 37 miles north of the main lodge.

In 1975, Kasba Lake Lodge was the first Northern Canadian fishing lodge to put into practice a strict catch-and-release fishing policy. This policy has served us well throughout the years. Kasba is known as a premium Canadian fishing lodge and continues to have world-class fishing. Chances are, your first Kasba Lake Lodge vacation won’t be your last. If you are planning a Northern Canadian fishing trip, you’ve come to the right place.

The operating season runs an exciting 8-week season from June 24 to August 15. Kasba Lake Lodge offers a variety of packages to ensure your Canadian fishing adventure is the experience of a lifetime.
