My Backyard Tours offers fun and informative tours. Guided by local experts, our tours show you the highlights in and around the City of Yellowknife. Our tours also give you the opportunity to fly to Peterson's Point Lake Lodge to spend time fishing on one of the best lakes for trophy Lake Trout. You can also join us to capture migratory wildlife, the northern lights and the splendor of the barrens with your camera.

Our professionally guided tours offer personalized service and participant interests are incorporated into our City, Capital Sites and Meet the Artist Gallery Tours, which range from 2-3 hours in length. Our tours also get people outside the city limits with our Ingraham Trail/Cameron Falls Tour where participants take a short hike into view Cameron Waterfalls.

Our day tours can complement other tour operator packages. We also specialize in creating custom tours.

Our fly-out trips to Peterson's Point Lake Lodge vary in length from 3 to 8 days. Located close to the Arctic Circle, starting in mid-July through the end of August, guests can enjoy the incredible landscape while fishing for Trophy Lake Trout and Arctic Grayling. During the first two weeks in September, guests will enjoy this magnificent time of year. The barrens pop with autumn colour to make photographing migratory wildlife and the aurora spectacular.

For thirty years it has been our passion to showcase our backyard including the Northwest Territories Capital City and the area beyond; our passion continues with each new or returning guest.
